Mayor Joey Bouziga advised Library Representative Laura Sanders that a citizen asked for them to come and give us a report. Ms. Sanders advised Mayor Bouziga and the Council that unfortunately she did not have a lot of news to give us at this time. Ms. Sanders stated they are still waiting on insurance proceeds and to date, they have only received \$642,000 for South Lafourche and it was insured for \$6,500,000. The Golden Meadow Library was insured for \$650,000 and they haven't received any insurance proceeds for it yet. At this time, there have been no decisions made about the Golden Meadow Library because they don't know what kind of money they have to work with. Ms. Sanders thanked Mayor Bouziga for allowing them to set up the Library-2-Geaux on Thursday afternoons. Ms. Sanders hopes to increase it to 2 days a week during the summer. She knows it's not a permanent fix, but right now it's the best she can do. Mayor Bouziga asked how it was working out and if people were coming to the Library-2-Geaux on Thursdays. Ms. Sanders said it was working out great-they had 453 people on Tuesdays and Thursdays come to the Cut Off Youth Center and Golden Meadow Town Hall for the month of April. Ms. Sanders stated they will continue to come and bring new materials and if it is not something they have that day, but it is in their system, they will bring it the next time they come. They are not charging any late fines to Golden Meadow patrons. Councilman Willis Toups asked what the holdup on the insurance was. Ms. Sanders stated that even though they purchased all of the library buildings, they are owned by the parish. The parish are the ones that hold the insurance and are working on their behalf to collect the library's proceeds. Lafourche Parish President Archie Chiasson stated they got about a \$14,000,000 payment out of the insurance after the deductible. He said they started sending them supplementals and the parish started to bid out projects for roofs on some of their buildings; and then the insurance quit talking to them. Lafourche Parish President Chiasson stated that they went into executive session a couple of months ago and the Lafourche Parish Council authorized them to start the suing process. They hired Peter Connick and his law firm out of New Orleans to represent them. Lafourche Parish President Chiasson stated hopefully they will avoid an actual lawsuit. Councilman Jody Cheramie stated our goal was to get a library back. Ms. Sanders stated that decision still hasn't been made and she wished she had new information, but she does not. Mayor Bouziga stated that we share a building with our senior citizens at Oakridge Park and we can maybe look into using their building some afternoons. Councilman Laci Latiolais asked if the plan was to bring another library here. Ms. Sanders said it's the plan, but she can't promise anything because she just doesn't know. Lafourche Parish President Chiasson stated if the insurance proceeds come in and we get the \$650,000, then we will look at something that we can bring back. He said if they

don't get the full amount back, they have to look at making that money up somewhere else. Councilman Latiolais stated the community used the library and Councilman Cheramie said to keep in mind that we pay that tax too. Assistant Town Clerk Rachel Robichaux asked when the library board meetings are. Ms. Sanders stated they are quarterly and the dates can be found on their website at lafourche.org. Town Citizen Jason Cheramie stated he is the one that requested someone to come talk to us about a library and he just doesn't want the kids to be left behind.
